

Account Assistant

Location: Altrincham, Cheshire

Salary: Competitive

Requirements: Entry-level position for a graduate with an interest in science and medical communications

Job type: Permanent

The role

The successful candidate will provide essential support across a portfolio of healthcare accounts, and will be responsible for:

- planning and project management of the day-to-day account activity, including pre-event support and on-site attendance at overseas meetings
- preparing and monitoring production schedules, including managing relevant approval systems
- producing, tracking and managing the financial status of assigned project budgets
- client liaison, including proactively responding to client queries and agreed actions.

To be considered for this position, you must be a highly organised individual with the proven ability to manage multiple priorities and changing deadlines. In addition, you must have the communication skills and confidence to liaise with clients and build relationships. Relevant agency experience within the healthcare communications industry is an advantage, but not essential.

The company

Alpharmaxim provides strategic and tactical marketing and communication support to a broad range of clients across the pharmaceutical, biotech, medical device, diagnostic and vaccine sectors. As a small and dynamic company, we are able to offer unusually varied and flexible job opportunities that are tailored to the particular strengths of applicants.
